Submission requirements

Make sure to:

- **Upload a PDF file** that contains your report/short description.
 - What should be in it:
 - Descriptive, understandable text
 - Figures with figure legends
 - What shouldn't be in it:
 - Code
- **BUT: upload your code separately** as jupyter notebooks or script files
- Everything you wish to hand in should be **in the assignment directory**.
Nothing else will be corrected!

Submission deadlines

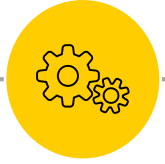

Deadlines are listed on the course website.

Submitting before deadline:

- If you are ready before the given deadline, we urge you to **submit your work**.
- If you do change your mind about something, **you can resubmit before the deadline**.

At the deadline:

- The **content of your assignment directory (and nothing else!) will be collected automatically at the deadline** if you have not submitted it earlier.
- We will correct **only those files that were in your assignment directory at the time of the deadline** and nothing more.
